Welcome to North Bay!

We hope you are excited about your upcoming posting. We want you to enjoy North Bay and have a satisfying and fulfilling experience here; our team is happy to meet you and help that become a reality. I hope that you will take the time to visit the North Bay Military Family Resource Centre (MFRC) after you have settled in. Our mission is to strengthen individuals and families through evolving programs to enrich the military community, and it would be our pleasure to get to know you and ensure we are meeting your needs. In addition to our main resource centre, our organization also encompasses Little Wings Childcare Centre – both centres are located at CFB North Bay. If you'd like a tour when you arrive, please don't hesitate to reach out and we will do our best to set one up, pandemic restrictions permitting!

One thing we would like to help you with before your arrival is spousal employment; if your partner is planning to work during your posting here, we have an incredible opportunity for them to find employment. Our existing employment services, which include résumé building and job referrals, have been enhanced with local partnerships that help connect more spouses with job openings in the area. We would be happy to **start this process before you actually move here.** Ensuring military spouses have their own career opportunities is a significant factor in the wellbeing of military families and as a result the MFRC is committed to assisting spouses with their job search. **As soon as you receive this welcome package, please have your spouse contact the MFRC Employment Navigator** at Donat.northbaymfr@gmail.com if they are eager to find employment in North Bay.

We can also help you and your family discover your new North Bay community, find a way to volunteer, or learn about upcoming events and attractions. Our services are extensive and include the personal enrichment program, which promotes self-care and social connections, a resource library, deployment support services, and child and youth programs (including a thriving teen centre) just to name a few. If you anticipate needing child care or support with school information, reach out to our Parent Support Navigator to discuss which options might work best for you. We do have DWAN community computers, and Wi-Fi so you can access the internet on our computers or your own personal device. We also have a fax, scanner, and photocopy machine to assist you with any paperwork or business you may have to do. If you need assistance with something and you're not sure if we can help, don't hesitate to ask anyway – we will always do our best. Our MFRC values are to be Mindful, Flexible, Reliable, and Compassionate :)

For more information on everything we offer, check out our website: www.northbaymfr.ca and don't forget to look us up on social media too – our Facebook and Twitter pages are "North Bay MFRC."

We look forward to any opportunity to assist you with making the transition into the North Bay area as smooth as possible. This welcome package is an invitation for you to keep in touch with us, and to know you are truly joining a wonderful community in North Bay.

Sincerely,

Tessa Clermont
MFRC Executive Director

Veteran Family Program

The Veteran Family Program extends the traditional Military Family Services Program (MFSP) to medically releasing and released Veterans and their families, while also offering specialized transition programs and services. When a Canadian Armed Forces (CAF) member makes the transition from active service to veteran status, their family does too. Releasing from the CAF can be challenging for members and families but even more so when the release is the result of a medical condition.

Enhanced information and referral services mean that we are here to help your family navigate the complex process of releasing, the challenges that may arise and the sometimes unexpected impact on your social, emotional and financial wellbeing. Our programs, services and approach are always family centered, strengths based, empowering and solution focused.

The partnerships that have been developed through the Veteran Family Program enable us to bring you standardized and effective programs that have been thoroughly evaluated and are well matched to addressing the factors for successful transition.

Second Language Training

The North Bay MFRC Second Language Training Program offered to military spouses, dependents (18+) and DND employees is meant to meet your learning goals while making the experience of learning a second language enjoyable. English and French language training is offered throughout the year using on-line instruction (Rosetta Stone) or in class sessions. For more information, call our Second Language Navigator today!

WASTE DISPOSAL

All members of 22 Wing are reminded that they are **NOT** to deposit any household or personal garbage, refuse, or other wastes into any Wing dumpster or garbage receptacle.

The City of North Bay provides weekly garbage pick-up and bi-weekly recycling pick-up, (blue box program).

Large appliances such as stoves, refrigerators, washers and dryers are items that cannot be placed at the curb due to their size and weight. If the appliance is still in good working order, it can be sold or sent to a second hand store. If the appliance is no longer working, there are a number of alternatives.

The City of North Bay, Merrick Landfill Site will accept appliances based on the tipping fee schedule see website address below. Local scrap dealers may accept white goods – please call them for details.

www.northbay.ca/services-payments/garbage-recycling/

Household hazardous waste is found in every home and usually consists of common household chemical products that are hazardous if disposed of improperly. If you have items or are unsure of how to dispose of these products, the Hazardous Waste Depot is in operation from April to October, Wednesdays through Saturdays from 8 am to 6 pm at 112 Patton Rd.

Here are a few examples of hazardous waste that should be delivered to the Hazardous Waste Depot: Aerosol Cans, bleach, herbicides, pesticides, pool chemicals, antifreeze, cleaners, car and household batteries, paint, gasoline, oil, propane tanks and cylinders, solvents and fertilizers.

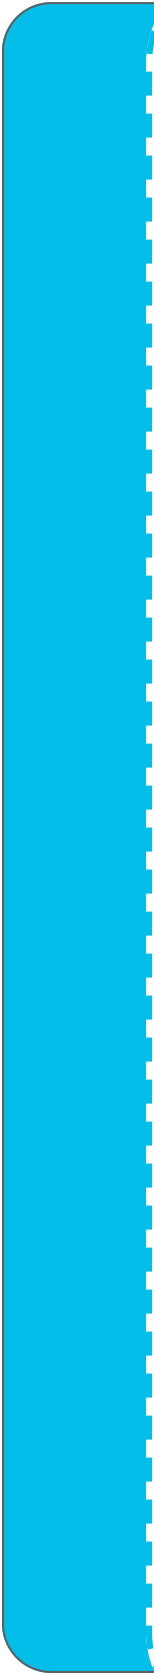

The Household Hazardous Waste Depot has expanded to include the following:

- Personal computers (including keyboards, mouse)
- Mini computers and components
- Mainframe computers and components
